

*The shapes song*

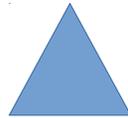

I'm a square, I have four sides x2  
We are squares, we have four sides  
1,2,3,4 we are squares

I'm a circle, I go round and round x2  
We are circles, we go round and round  
round and round we are circles

I'm a triangle, I have three sides x2  
We are triangles, we have three sides  
1,2,3 we are triangles

We are shapes, you see us everywhere x3  
Just look around we are everywhere

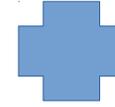

We are shapes, you see us everywhere x3  
Just look around we are everywhere x3
